AUTHORS NOTE

The Mad, Mad, Mad West is a book of satire based on the US/NATO led war against Russia being fought in Ukraine.

In this context it has also to be borne in mind that Russia's 'special military operation' in Ukraine is a defensive war in order to safeguard short-term & long-term integrity of Russian statehood against the US-led drive to encircle Russia by establishing a NATO nuclear base in Ukraine. Thus, it is a US-led war on Russia rather than Russia's war on the West or Ukraine.

The ultimate objective of the US-led coalition is to dismember Russia into small statelets controlled by the West in order to exploit their rich natural resources. In that devious scheme to topple Vladimir Putin occupies the main plank.

The satirical pieces included in the book are based on one theme - the hysterical &

jocular response of the West to Vladimir Putin's defensive war in Ukraine.

That hysterical response includes not only severe economic sanctions against Russia but also jocular and over the top Western response which includes canceling Russian culture, language & eminent Russian cultural figures like Fyodor Dostoevsky, etc.

One is hard pressed to understand as to how anyone in sane mind can boycott the heavy weights which comprise all humanity.

Fyodor Dostoevsky, Lev Tolstoy, Anton Chekhov, Igor Stravinsky, Konstantin Stanislavsky and other Russian greats are a common repository of all mankind - East or West & no boycott can ever erase their contribution to humanity in the minds of the people of the West. Or of the East.

The response of the West to Russia's 'special military operation' in Ukraine has been so illogical & crazy that an institute in the US banned Karl Marx from its curriculum without taking into account

that Karl Marx was not Russian but German and the fact that Russia is not a communist country.

On BBC News, Ukraine's deputy chief prosecutor David Sakvarelidze explained while being very emotional as he was seeing "European people with blue eyes and blonde hair being killed everyday".

On CBS News, foreign correspondent Charlie D'Agata was reporting from Kyiv. He said, "This is a relatively civilised, relatively European city where you wouldn't expect that or hope that it is going to happen."

A favourite song which the whites sing to each other :-

Kinna Sona Tainu Rab Ne Banaya,

Jado Tere Te Dil Aaya,

Jado Tere Te Dil Aaya,

Jee Kare Vekhda Ravaan,

Kinna Sona Tainu Rab Ne Banaya

(God's made you so beautiful.

I can't take my eyes off you.

God's made you so cute.

Since my heart's fallen for you.

I can't take my eyes off you.

God's made you so beautiful)

Joe Biden declares Jesus Christ as a Russian agent; Judas appointed the new Jesus Christ in his place

Joe Biden declares that Jesus Christ as a first revolutionary leader of the working class was a Russian agent.

And that Jesus Christ because of his truthfulness, honesty, integrity & revolutionary spirit does not represent the finest traditions of the West which are based on hypocrisy, lies, dishonesty, double crossing, deceit, betrayal, murder & genocidal killings.

Joe Biden said that as a dangerous subversive Jesus Christ has been undermining Western values from within & creating discontent amongst the masses for centuries.

Accordingly, the all- American religious affairs committee has reached the view that true Western values are best represented by Judas who will now be considered as the true Jesus Christ.

TOP SECRET

INDIA TO CUT OFF ALL DIPLOMATIC & TRADE TIES WITH RUSSIA

A highly secret joint multi-billion dollar Indo-Russia project to be launched soon; the project to create 'Mir Jafars'; (a famous Muslim ruler who with his betrayal allowed the British to establish their post in Bengal or a quisling) to be sent to America as doctors, computer experts, engineers & military experts

The top secret mission of 'Mir Jafars' would be to undermine the US from within. 'Mir Jafars' will infiltrate the US military, CIA, FBI, the top echelons of the US Congress, etc& thereby try to effectively neutralize the proposed US world dominance as stated by Joe Biden from within.

To this end, a secret communiqué by Russia's spy agency FSB approved by President Vladimir Putin has been sent to the Indian govt late last night right after Joe Biden – Narendra Modi virtual meeting.

The secret communiqué of FSB instructs the Indian govt. to break all trade ties with Russia & go into a anaconda embrace with the US so that the US is decisively mislead about India's U-degree turn in its relations to Russia.

To train & manufacture 'Mir Jafars', FSB will fall back on the tried & tested methods of the Soviet era which played a pivotal role in the Soviet Union's war against Hitler.

A special committee of leading American & European scientists which includes a few Indian-American scientists also will now decide what truth is & what a fact is.

The truth of truth & the fact of fact will now depend if they advance the American/Western interests.

If a truth or a fact is contrary to American/Western interests then it will be refuted & called the big lie.

So far 6 issues have been decided.

1. Karl Marx & Frederick Engels did not exist. They both are a figment of the imagination of the working class invented by it to undermine the capitalist class.

2. Marxism is a schizophrenic theory. Anyone acquainted with the working of the brain of a schizophrenic would know that only a mentally ill person can invent a theory which has tight logic & is unfalsifiable.

3. Lenin, likewise is a figment of imagination.

4. The Great October Revolution of 1917 did not take place. Neither the USSR existed.

Both only exist in a sci-fic novel titled 'Rusland' written by an unknown writer probably an alien who was interested to undermine the Western civilization.

Other truths & facts to be decided are the following:

1. Does the sunshine benefits America/West or not? If the scientists come to the conclusion that the sunshine helps the working class more than the capitalist class then it would be declared that sun does not exist.

2. Does the moon & the night benefit the capitalist class or the working class? If it helps the working class then the night & the moon will be declared figments of the imagination of the working class.

Tentative view is that the night & the moon help the working class as the moon gives succour to the working class & the night gives it a restful sleep.

Likewise, other truths & facts are also on the agenda.

For example, Darwin's theory of evolution will be examined.

Hegel's dialectics would be examined.

It would also be examined if Russia exists or not. Tentative view is that Russia exists when the West drools imagining the vast wealth of Russia but Russia ceases to exist when it growls like a bear at the West.

In short, universe, history, science... everything will come under a close scrutiny.

ATTN.

Family members to report if anyone in the family emits ZZZ sound while asleep; a suitable reward to the informer.

Cartoons and ADs depicting a sleeping man or a woman emitting the sound zzzzzzz now will be banned in America & Europe from today.

The scientists have been told to come up with a suitable sleep sound.

A sum of 1 billion $ has been allocated by Biden & European scientific department for this research.

Joe Biden has also instructed the pharma companies to ban the production & sale of all sleeping pills as they aid in the production of the sound zzzzzz while sleeping.

All family members have been instructed to spy & report if any family member emits the zzzzz sound while asleep. Handsome reward would be given to the informers.

The punishment for producing 'z' sound is 10 years in jail. &counselling if even in jail they emit zzzzz sound.

CIA DECLARES THE 21ST CENTURY TO BE A CENTURY OF REVOLUTIONS & LIBERATION STRUGGLES; TO NOW PROMOTE FREEDOM & DEMOCRACY IN THE GARB OF COMMUNISM

The CIA has decided to change its strategy for the remaining 21st century.

The reason: ever since its creation it was only fomenting trouble & dispatching people en masse to the nether world. Its reputation had suffered irrevocably.

As per CIA the masses in the exploited world had come to view this agency not as a harbinger of freedom & democracy but of enslavement.

Since its creation it was seen to be supporting religious dictatorships,

military dictatorships, tyrants& suspect democratic rulers.

Now, the CIA has decided to radically refurbish its reputation & give a much needed whitewash to its face.

Henceforth, I have been told that it would finance & support communist parties all over the world. It would finance & support even small Marxist groups.

The CIA has reached this decision to support communists worldwide because it sees the 21st century the 'century of revolutions' because of Vladimir Putin's military operation in Ukraine.

In a secret report to the president to which I am privy the CIA has reached a conclusion that there has emerged a subterranean support for communism amongst the masses which would lead to militant change in the communist parties

the world over who till now were sleeping.

The CIA thinks that not only there would be a rise in militancy amongst Marxists but they would also enjoy support from the masses.

So, the CIA has instructed all its religious fundamentalists like ISIS, Khalistanis, etc to start operating under the Red Flag. To change its spots.

The CIA is worried though that some leopards may not change their spots but CIA is not overly worried about this.

For the hidden aim of CIA is to promote freedom & democracy in the garb of communism.

And the CIA would continue its earlier policy of dispatching masses to the nether

world but now as counter-revolutionaries. For this CIA will appoint as its head people like Genrikh Yagoda & Nikolai Yezhov*.

**Both were Soviet secret police chiefs under Stalin*

A PIECE OF ADVICE FOR YOUNG INDIAN, AFRICAN, SOUTH ASIAN AND SOUTH AMERICAN PARENTS

I advise all of them to keep upper class White Western women as nannies for their children. If one of us can't afford the expenses to hire a female nanny from among them then we should appeal to our respective governments to help us monetarily so that we are able to hire upper class White nannies.

Just imagine the pluses of hiring an upper class 'White, blonde & blue-eyed' nanny.

1. She would teach etiquettes. For example how to use a fork while eating a dosa.

2. How to address your "superiors"?

3. The White, blonde & blue-eyed Western nanny would teach our children morals & ethics.

4. And most importantly, she will teach our children how to tell the truth.

BREAKING NEWS

Joe Biden in a major geo-political move unilaterally declares that entire Russia, including its European part which includes Moscow & St. Petersburg have been relegated to Sub-Saharan Africa.

Joe Biden explained that this has been done due to two important reasons. Namely:

1. Under Russophobia all Russians who do not subscribe to Nazi ideology are now new Negroes subject to most severe racist abuse.

2. Due to American & European sanctions Russia now is the poorest continent on earth just like sub-Saharan Africa.

Soon Russia just like Sub-Saharan Africa would have the world's lowest total gross domestic product (GDP)

Joe Biden said that if in Sub-Saharan Africa every second person lives below the poverty line then thanks to American sanctions every Russian will live below the poverty line.

Vladimir Zelensky's right hand is as precious as 'Kohinoor'. Zelensky has had a billion dollar handshakes with Who's Who of the West right from Joe Biden to Boris Johnson to Ursula von der Leyen - the European Commission president.

It is being reported that Lloyd's of London has insured Vladimir Zelensky's right hand for $ 5 billion.

And London Museum has confirmed that after the political demise of Vladimir Zelensky his right hand would be kept in a glass case in the museum.

ATTENTION

A new class would soon be introduced for all nursery kids in the West.

The kids would be taught to recognize who is a good human being?

The reason is that Western authorities fear that there is a distinct possibility that Vladimir Putin might infiltrate Russian agents in the West masquerading as good guys.

According to Western authorities these fake good guys would have one single mission - to undermine Western democracy & free speech among kids.

So, it was felt that there was a need to teach kids right from a young age to recognize good guys.

The kids would be told to be on the lookout for such fake 'good guys' and immediately report to the nearest police station if they found one.

On the other hand, the kids would be taught to throw their arms around a man, hug him, kiss him frantically if that man happens to have a 'toothbrush' moustache. In short, simply melt into him & trust him like one's own father.

Kids will be told to see how a man or a woman greets. If the person in question raises his hand in a Nazi salute & shouts Heil Hitler then the kids should know that he is unquestionably a noble soul.

Kids also will be told to look for tell-tale signs like tattoos on arms bearing the number 88 which is a white supremacist numerical code for Heil Hitler.

Then, kids would be asked to look for a swastika, a flag with SS inscription or a totenkopf - symbol of the paramilitary unit that helped run concentration camps in Nazi Germany.

Or a Black Sun used by Heinrich Himmler of the SS.

Or number 18 which is a numerical symbol for Adolf Hitler.

Where will the souls of the dead Nazis go?

First, to Germany & Poland followed by the US & the rest of Europe.

There is another possibility, the bulk of the Nazi souls can also surface in India - The original land of souls.

These souls will again be born as Nazis. And they won't ever get moksha.

This was the condition the US imposed on Nazis when it recruited them, trained them & financed them.

Vladimir Zelensky would become Yamdoota controlled by yamaraja who would always be the reigning president of the USA.

America has ordered all Russians who speak European languages including English to stop using them within a week.

Failing Russians would face precision dart strikes directed at their speech organs, according to the White House.

URGENT INFORMATION

CNN, FRANCE 24, DW TV channels are offering a free crash course to non-Westerners

After finishing the course, the attendees will be allowed to do a trainee job in these TV news channels.

The course will teach two topics:

1. Moral values & ethics

2. What is truth & how to tell it?

The Mainstream Western Media is painting surrender of Nazis in Asovstal as a "successful operation of evacuation".

Defeat of Ukraine would be called a "strategic defence manoeuvre".

And the execution of Vladimir Zelensky by Russians would be called 'beatification'*. Or according to Hinduism, attainment of 'samadhi'.

*in the Roman Catholic Church declaration by the Pope that a dead person is in a state of bliss, constituting a first step towards canonization and permitting public veneration.

** Samadhi, according to various scriptures, is a state where a person transcends into a higher state of consciousness. He is no more said to be connected to the world and all its

happenings and can see life in a clearer light.

Christopher Kempczinski, the president & CEO of McDonald's in a secret internal circular to the board members explained McDonald's exit from Russia in the following words.

Our strategic aim is to decimate Russia so that then America can capture its vast natural wealth. For that we have to wipe off Russians from Russia.

By exiting Russia our company would be doing precisely that. That is, create mass starvation amongst Russians leading to BURGER & COKE HOLODOMOR.

First, Russians for want burgers & coke will become thin. & then in the longer run, in total absence of burgers & coke will simply starve to death leading to HOLODOMOR.

With Russians gone from Russia, America would have a cakewalk & capture Russia & its natural wealth.

Jubilation in Poland, Bulgaria & Europe; Putin in a state of shock; Modi to supply cheap 'gutter gas' to Europe; By 2030 India to be the richest country due to 'gutter dollars'

Narendra Modi has given the contract to his 'lala buddy' Mukesh Ambani to produce gas from gutter & supply it to Europe.

Ambani has been instructed to turn all Indian rivers into gutters to make cheap gas & supply it to Europe.

Till all the rivers are turned into gutters, the gas would be made & supplied to Europe mainly through the river Yamuna.

Plants would also be set up in all towns of India which are full of gutters.

Later on, when all Indian rivers are turned into gutters then India would surpass even Russia as no. 1 gas supplier of the world.

A plant each in Delhi & Agra (near Taj Mahal) through which the dirtiest part of Yamuna runs would initially be set up for gas production.

According to Modi, by this step India would also become self-reliant in gas & also earn hard currency by supplying gas to Europe.

SOME GOOD NEWS FOR RUSSIA

Joe Biden to exempt Russian belly dancers from sanctions. Biden's logic is based on the fact that Russian girls are the best in belly dance in the world.

According to Biden RUSSIAN BELLY DANCERS WOULD PERFORM PERMANENTLY IN THE WHITE HOUSE Every evening for the entertainment of him & his family.

JOE BIDEN immediately passed an executive order to this effect.

Joe Biden said that this extraordinary step has been taken to boost the spirit of the leaders who are facing extreme stress not faced since WW 2.

Joe Biden has also passed an order that Russian belly dancers would perform when the US Congress is on saying that belly dancing is the best entertainment

for spectacles we hold in the US CONGRESS.

EU will also follow suit when their parliament session is on.

Joe Biden also gave the American citizenship to Russian belly dancers and permission to perform anywhere in the West.

Putin yet to decide. But my sources in Kremlin tell me that Putin is of the view that not all relations should be broken with the West.

BREAKING NEWS

Western TV channels today took a controversial decision on their telecast in the Asian sub-continent.

All white anchors & white female reporters to appear in burqa. This step has been necessitated by the fact that men in the Asian sub-continent oogle at white women & fantasize. To remedy this habit of the men of the south Asian countries it was decided to make female anchors & female reporters to wear burqa.

This rule comes into immediate effect

The south Asian men's association in a press conference told the reporters that they would appeal against this racially discriminatory decision to the UN ETHICS COMMITTEE.

This rule won't apply to Italy despite the fact that Italian men there not only oogle but also catcall. This decision was taken on the appeal of the TV anchors & reporters who said that Italian men were

handsome, sexy & tanned & make good lovers.

This rule also does not apply to the Middle East despite the fact that middle eastern men also oogle. The reason TV officials gave was that thanks to America much of middle east is devastated any way & because of the mental trauma suffered by middle eastern men due to American bombing the middle eastern men have been allowed to watch female anchors & female reporters as a psychological balm.

Vladimir Zelensky has announced that Western journalists will fight free of charge as they are all 'blue-eyed & blonde' supporters of Ukraine in the Ukraine's 'legion of Western journalists'.

As for Indian journalists Zelensky has said that he will pay $50,000 for each Indian journalist who serves Ukraine. According to Zelensky, since Indians believe in 'non-violence' and hardly know how to handle arms & fight Indian journalists will serve as nurses to the injured & the wounded.

BREAKING NEWS

VLADIMIR ZELENSKY IN DANGER OF BRAIN HAEMORRHAGE; NOT SLEPT FOR 10 DAYS

According to his doctors Zelensky hasn't slept since Russia started its liberation mission. Initially, doctors tried tranquilizers to induce sleep but failed. Then doctors tried various narcotics like cannabis to help him relax and induce sleep but this also failed.

Now, the team of doctors attending Zelensky have decided after much deliberations that only lullaby by beautiful female TV journalists from Western TV channels can help Zelensky to sleep.

All female journalists will sing lullaby turn by turn every night till the Ukraine crisis is over.

A list of the most beautiful journalists has already been prepared.

Among them are:

Melissa Theuriau – M6, France

Brooke Baldwin – CNN

Kimberly Guilfoyle – Fox News .

Ghida Fakhry – Al- Jazira

Jenna Lee – Fox News

Dareen Abughaida - Al Jazeera

The names of two Indian journalists are also under consideration.

One is Palki sharma of Wion TV and the other is Anjana Om Kashyap.

Christiane Amanpour however has been unfortunately left out. No reasons were cited by doctors for this decision which has been termed 'disgraceful' by journalist fraternity in the West.

Doctors also added that in case lullaby fails to induce sleep then some extreme measures might have to be taken like fellatio.

Since it can be performed only once for ethical reasons only volunteers among

female journalists will be taken and then they will pick a lottery to choose the final candidate.

A CONFERENCE OF PHILOSOPHERS & SCIENTISTS IN NY HELD YESTERDAY; THEY DISCUSSED RUSSIA & RUSSIANS

Leading Western philosophers & scientists discussed yesterday in a secret location in NEW YORK if Russia & Russians were real or just a simulation.

The ruling class of the West is intrigued that how could anyone challenge the hegemony of America & Europe. Thus, forcing them to examine if Russians are real or a simulation.

Leading American neocons are of the view that in case Russia is just a simulation then America can safely nuke Russia.

Slavoj Zizek, the great Marxist that he is, suggested that since practice is the criterion of truth, then Joe Biden should send NATO forces into Ukraine & wait &

see if the entire West is wiped out or not by Russia's nuclear attack.

The war in Ukraine will give a major boost to Hollywood.

Perhaps a boost also to the now virtually extinct James Bond also.

Very soon we might even see a James Bond movie where Vladimir Zelensky would be in the role of James Bond.

And the Hollywood would again have the honour of portraying Russia & Russians in a bad light. No. Not in a bad light. That is too mild. The Hollywood would portray Russians as 'barbarians'.

And in Vladimir Putin the Hollywood has found an excellent cinematic villain.

And in some Hollywood films Vladimir Zelensky would also be the newest ' comedian Pope' never encountered before in world history.

Some EU parliamentarians proposed Vladimir Zelensky's name for Nobel peace prize.

Zelensky is the perfect candidate. The last candidate for peace prize.

His world peace means a start of a nuclear war and a total annihilation of entire humanity.

No humanity, no war !

Meanwhile, all English speaking third world countries have decided to change the spellings of SUCCEED.

Henceforth, 's' in succeed would be changed to 'z' making it 'zucceed' celebrating Russia's special operation in Ukraine codenamed 'Z'.

VLADIMIR ZELENSKY SIGNS A DECREE BANNING 155 yr-old KIEV BALLET

Zelensky in an address to the people of Ukraine told that permanent banning of Kiev Ballet was a further & decisive step on the road to de-Russianise and de-communise Ukraine culture.

Kiev Ballet was established in 1867.

Zelensky further announced that in a major step to Ukrainise culture in place of Kiev Ballet Company he is establishing Kiev Belly Dance Company.

Zelensky said now-a-days the majority of Ukrainian women dance belly dance. He said belly dance is eminently suited to our Nazi Ukraine culture. Ballet not only has strong historical Russian influence but also Soviet influence. Ballet is too intellectual for our rustic tastes.

Zelensky said while he would be the new director of Kiev Belly Dance Company his

wife Olena Zelenska would be the chief dancer.

Sharing his closely guarded secret Zelensky said that his wife Olena was a trained belly dancer who till now performed only for me & top Nazi officials of Ukraine.

In the inauguration function of Kiev Belly Dance Company Joe Biden & the heads of all NATO countries have been invited.

Salman khan & Shah Rukh Khan to be umpires to decide who are better belly dancers - Ukrainian or Russian girls.

A war of words is going on on the internet between Ukrainians and Russians/supporters of Russia.

The fight is over borscht soup and belly dance.

Ukrainians say borscht is not only native to Ukraine but also better prepared by us. On the other hand, Russians and its supporters like me hold the opposite view.

On belly dance, Ukrainian girls say they are the best belly dancers in the world.

To which Russian girls vehemently deny saying Russian girls are the best belly dancers.

In the end both have decided to appoint Salman Khan & Shah Rukh Khan - famous Bollywood actors as umpires to decide the issue on who is the best in belly dance.

Joe Biden launches a billion dollar project to bolster his campaign to subject the entire world under the US dominance.

The U.S. Citizenship and Immigration Services jointly with the Department of Homeland Security, the CIA & the US military will soon start a programme to search & identify the descendants of Chingiz Khan & the Great Moghuls across the world especially, Mongolia, Russia & India including Pakistan & Bangladesh.

The blood samples & gene analysis of all people with narrow eyes in case of Mongol hordes & those supporting mullah type beards in the case of Great Moghuls will be taken.

According to the top officials of the US army, the Mongol hordes & the Great Moghuls were the greatest conquerors of the entire history of the world. The induction of the descendants of these conquerors to the US army is decisive if the US has to subject the entire world to its dominance & hold its possessions secure.

The U.S. Citizenship and Immigration Services stated that the descendants of the 'Mongol hordes & the Great Moghul's would be automatically granted the US citizenship.

The other added bonus which is strategically important to the US aims to create a 'white race' throughout its dominion & at home would be mandatory marriage of these descendants with the white American women.

According to Biden administration white women of super big cities like NY & LA, etc would be more amenable to the suggestion of marrying 21st century Mongol hordes & Great Moghuls as they are exposed to culture of different countries in contrast to rural American women.

The offer is open to Gurkhas& the Khalsa as they are martial races of world repute & can also a play a critical role in America's plans to conquer the world.

AN ACUTE SCARCITY OF ADULT DIAPERS IN THE WEST; SHOP SHELVES EMPTY

It is being reported by NYT & Washington Post that there is a scarcity of adult diapers in the US & Europe.

All adult diapers have disappeared from the store shelves of the malls.

Most sick adults are no longer able to wear adult diapers. Sick adults in the US & Europe for the past 3 months since the Russian special operation commenced in Ukraine have had to make do with cotton bound by a cloth in place of diapers.

The reason being given by NYT & Washington Post is that ever since Vladimir Zelensky became a hostage to the US policy on Russia he has been

shaking in his boots & suffering from an acute diarrhoea forcing him to wear a new diaper every 15 minutes.

Not only Vladimir Zelensky is suffering from an acute diarrhoea but the entire top Ukrainian leadership along with Ukrainian oligarchs who are worried about their immovable property & other wealth stored in Ukraine.

Thus, the White House & the European leaders have instructed the adult diaper making companies to send their entire new & old stock of adult diapers to Ukraine.

VLADIMIR ZELENSKY STILL IN KIEV; BUT ADMITTED IN A MENTAL HOSPITAL

My American sources have told me that Zelensky had to be admitted in the mental asylum because he had come to believe in the Western media propaganda and Ukraine propaganda that Ukraine was inflicting serious blows to the Russian army and winning the war.

Zelensky was repeatedly told that Western channels like CNN were there to befool the people and not for you. But Zelensky failed to understand.

Zelensky has been diagnosed with schizophrenia and is under aggressive psychiatric treatment. Zelensky has been barred from watching CNN & other Western TV channels.

He has been put on Haloperidol.

Psychiatrists have also told me that watching CNN & other Western TV

channels had seriously impaired the mental capacity of Zelensky to assess reality in an objective way.

Vladimir Zelensky's post war plan 'Z'

Zelensky has revealed that in case Ukraine wins the war & he is not installed as the president of liberated Ukraine he will sue America in the ICJ for $10 trillion for turning him into a drug addict.

Comrades, I have had a major change of heart after a 10-day course in the re-education camp conducted by Facebook.

I have come round to the view that Facebook is a tool that helps to unite peoples across the world and forges friendships with people irrespective of whether you are a communist or a liberal or a Nazi. Facebook forges friendships with people irrespective of whether you are coloured, Asian or a Black nationalist or a white racist or a Slavic Russian.

Now I willingly sing a different tune.

Now, my slogans are:

Long live Joe Biden!

Long Live 'akhand America' (undivided America) under the tutelage of the US!

Down with Putin!

Down with Russia!

Long live Ukraine under the tutelage of America!

Now I have come to consider all the US presidents as avatars of Lord Ram.

President Joe Biden is the latest avatar of Lord Ram.

And I also consider America to be the first stage of a 'paradise' akin to socialism.

I have become convinced that America is a bastion of peace in the world. And America spreads peace primarily through its military arm NATO.

Once Russia is incorporated into America then we would have a complete 'paradise on earth. That is, communism.

So let us all support America on Ukraine.

The stated goal of all Lord Rams is to establish a paradise here on earth in the form of an American empire which would be called 'akhand America'. (Undivided America) It would be a personification of 'Ram Rajya' (Ram's State).

Peace and prosperity would perpetually reign in this 'Ram Rajya'.

So, in my personal capacity I appeal to Putin to acquiesce in gently to the demands of America.

The fact is: a real 'Ram Rajya' can only be envisaged if in the 'akhand America' Russia is also included.

NARENDRA MODI SHOWS INDIA ALSO RUSSIA'S BEST FRIEND

NARENDRA MODI TO TRY 'TANSEN DIPLOMACY' WITH THE US; GREEN SIGNAL FROM PUTIN; MODI TO SEND INDIA'S BEST SINGERS UNDER USHA UTHUP TO WAZHINGTON

A report has just come in that Narendra Modi to showcase India's clout on the world stage is all set to negotiate with the US on behalf of Russia.

My sources in New Delhi & Kremlin have told me that Vladimir Putin is really worried about the sanctions on his billionaire oligarch buddies. What if they all are compelled to come on the streets with a begging bowl due to sanctions?

Narendra Modi is also worried. What if the US imposes sanctions on his own billionaire buddies like Mukesh Ambani & others for India's silent support to Russia? And what if they are also forced to begin the Connought Place in New

Delhi with begging bowls? Narendra Modi, however, is more worried about the fact what if he is forced ultimately to capitulate to the US? Then, what will happen to his carefully cultivated 'strong leader' image?

To forestall those possibilities, Narendra Modi after having a talk with Vladimir Putin has decided to try 'Tansen Diplomacy' with Joe Biden.

To this end, a select team of India's top singers headed by Usha Uthup will leave for Washington Monday.

Usha Uthup & its team which includes Neha Kakkar & Sonu Nigam on the express advise of Arvind Kejriwal (who is a closet advisor of Narendra Modi when it comes to Hindi songs) have already prepared an old Hindi hit song to be sung to Joe Biden & Dalip Singh - the architects of sanctions on Russia.

According to a survey conducted by Stardust in 1973 this song had proved to be a sureshot antidote to pacify petty bourgeois kids who refused to eat their

lunch unless parents gave them chewing gum before their lunch.

Following is the song. Enjoy.

Jwar Bhata (1973)

रूठा है तो मना लेंगे

रूठा है तो मना लेंगे

बिगड़ा है तो बना लेंगे

रोता है तो हँसा लेंगे

फिर भी न माना तो

फिर भी न माना तो न माना तो

दे के खिलौना बहला लेंगे।

प्यार में ग़ुस्सा है, ग़ुस्से में प्यार है

झूठे इनकार में सच्चाई करार है

नादान को समझा लेंगे

हम जाल में फ़ँसा लेंगे

बेईमान को फ़ुसला लेंगे

फिर भी न...

दिल का मीठा है, कड़वा ज़ुबान का

बनता है सियाना, बुद्धू जहान का

हम धोखे से बहला लेंगे

तक़रार से मनवा लेंगे

एक प्याल ते ताटा मालेंगे

फिर भी न...

The US President Joe Biden has just announced that Russia by its intransigent attitude over Ukraine is compelling the entire anti-Russia coalition led by the US to scale the sanctions even further. It has made up its mind that in case these sanctions don't help to make Russia withdraw from Ukraine then anti-Russia coalition led by the US will be compelled to restore the USSR.

Explaining his logic of restoring the USSR, the US President Joe Biden said that after Putin's attack on Ukraine it now again has become a fight between 'the empire of light against 'the evil empire'.

Narendra Modi's 'patligali' offer to Putin; talks on behalf of Biden

My sources in the Indian govt have told me that Modi gave Putin the long range perspective of the war in Ukraine.

These 2 are the points Modi discussed with Putin:

1. Biden is pushing in Islamic fighters into Ukraine.

2. America is planning insurgency in Ukraine by establishing in-exile govt. headed by Zelensky.

Modi frankly told Putin that there are serious prospects of Russia getting bogged down in Ukraine.

Modi told Putin that therefore India's ancient political philosopher Kautilya had come up with 'patligali' theory (get out when the going is good) for such contingencies.

Modi advised Putin to take up this 'patligali' offer and withdraw from Ukraine with his honour intact.

BREAKING NEWS

Joe Biden has signed a decree that forbids Americans & Europeans from marrying Russian women with immediate effect.

But the magnanimous Joe Biden in order to dilute the harshness of his anti-Western measure has proposed an even better alternative to Russian women.

Joe Biden has decreed that American & European men would be provided with an alternative of marrying blonde & blue-eyed Ukrainian women who would be well versed in the art of Kama sutra having been trained in that art by authentic & experienced Indian gurus affiliated to the fundamentalist Hindu organization RSS. These Ukrainian women will also be well versed in Nazi ideology as well as well trained to be devoted house wives.

Behind Joe Biden's order there is a sound scientific logic. Traditionally, Russians have been considered a strong & resilient race because Russians have been internationalists by virtue of the fact that Russian women have inter-married men of all races. Thus, giving Russians a strong gene pool.

Now, Joe Biden's logic is that be preventing Russians from marrying foreigners Russia's gene pool will mortally weaken. By forcing Russians to inter-marry internally Russian race would emerge diseased & weakened. And over a period Russian race will eventually disappear thus giving America a total control over resource rich Russia.

UKRAINIANS FOLLOWING THE EXAMPLE OF THE SOVIET PEOPLE TO BE THE MOST WELL READ IN THE WORLD

Ukraine to remove Soviet books & Russian classics from public libraries; stock the libraries with Mein Kampf, Stolichnaya vodka, cocaine & opium

The empty library bookshelves thereafter would be stocked with Stolichnaya Russian vodka which according to Vladimir Zelensky is the only appropriate & legitimate Russian import allowed for Ukraine.

The library bookshelves would also be stocked with copies of Adolf Hitler's Mein Kampf side by side with cocaine from Columbia & opium from Afghanistan which would be official Ukrainian imports re-routed through the CIA in to Ukraine.

All students and visitors to the public libraries would simply have to go & sit on the chairs where tables would be stocked with Mein Kampf and cocaine & opium. The visitors would simply pick up Mein Kampf to read, take a shot of vodka after every page & snort cocaine or opium as per one's choice in the peaceful & serene atmosphere of the libraries.

"In an interview with the Kyiv-based Interfax news agency in late May, Oleksandra Koval, director of the Ukrainian Book Institute (UBI), estimated that more than 100 million copies of “propaganda books,” including Russian classics, needed to be removed from Ukrainian public libraries."

JOE BIDEN'S PARADOX

Joe Biden just like all bourgeoisie is an idealist. Ever since Russia's 'special military operation' in Ukraine started Joe Biden is faced with a grim Paradox.

No matter how hard Joe Biden tries he is not able to wipe out the existence of Russia from the planet earth.

When Joe Biden takes the position of objective idealism he has to accept that Russia exists objectively. Whereas when Joe Biden takes the position of subjective idealism then he has to contend with the existence of Russia in his mind.
